# eAir web Terms of Service

Welcome to eAir web!

Thanks for using our products and our eAir web service ("Service"). The Service is provided by Enervent Oy ("Enervent") located at Kipinätie 1, 06150 Porvoo, Finland.

We are constantly changing and improving our Service. We may add or remove functionalities or features and we may suspend or stop a Service altogether.

You can stop using our Service at any time. Enervent may also stop providing the Service to you. If we discontinue a Service, where reasonably possible, we will give you reasonable advance notice and a chance to collect your own information from that Service.

We process the personal data of our customers in accordance with the applicable law. Additional information concerning the processing and transfer of personal data can be found in our privacy policy. We may also disclose technical data (e.g., air humidity or temperature data) which our customers have saved in the Service to a third party for scientific research. The disclosed information is completely anonymous, and no individuals can be identified on the basis of it.

Enervent makes no specific promises about the Service. For example, we do not make any commitments about the content within the Service, the specific functions of the Service or their reliability, availability or ability to meet your needs. We provide the Service "as is".

You use our Service at your own liability.

By using our Service, you are agreeing to these terms.
